Whether you are walking, biking, or driving, everyone is required by law to **STOP on RED.**

When turning right on red, **ALWAYS LOOK** to the **LEFT** for oncoming vehicles, **AND** to the **RIGHT** for bicyclists in the bike lane and for pedestrians in the crosswalk to make sure the way is clear **BEFORE TURNING.**

STAY ALERT and **WATCH FOR PEDESTRIANS.** Even in an area where you don't expect them to be... **ALWAYS EXPECT THE UNEXPECTED.**

When walking, **PAY ATTENTION, CROSS IN THE CROSSWALK,** and obey the pedestrian signal. When the **HAND** comes up, **STOP.** It is no longer safe to cross.

In Florida, **BICYCLES** are legally vehicles and **ARE REQUIRED TO OBEY ALL TRAFFIC LAWS.** This includes stopping at stop signs and red lights.

Traffic Law Synopsis:

F.S. 316.075(1)(c) Steady Red Signal – Vehicles shall stop before entering the crosswalk. After stopping on red, a driver making a permitted right turn must yield to pedestrians crossing as directed by the signal. Pedestrians shall not enter the roadway on red, unless otherwise directed by a pedestrian signal.

F.S. 316.130(1) Pedestrians must obey any official traffic control device unless otherwise directed by a police officer.

F.S. 316.2065(1) Bicycles – Human powered vehicles have all the same rights and responsibilities applicable to other vehicles, unless otherwise noted in statute.
